DarTutors · Order Large Numbers

Name: _____ Date: _____

1. Put these numbers in order, descending (smallest first if ascending, largest first if descending): 258663, 415428, 389847, 401287, 773636

_____

2. Put these numbers in order, ascending (smallest first if ascending, largest first if descending): 971617, 775560, 898594, 670402, 995501

_____

3. Put these numbers in order, ascending (smallest first if ascending, largest first if descending): 504663, 632755, 704718, 275002, 645446

_____

4. Put these numbers in order, descending (smallest first if ascending, largest first if descending): 557012, 670878, 198734, 390127, 491152

_____

5. Put these numbers in order, ascending (smallest first if ascending, largest first if descending): 267395, 279544, 554062, 875711, 966354

---

6. Put these numbers in order, descending (smallest first if ascending, largest first if descending): 218977, 354007, 239304, 718275, 399796

---

7. Put these numbers in order, descending (smallest first if ascending, largest first if descending): 498427, 605559, 744148, 229860, 439023

---

8. Put these numbers in order, descending (smallest first if ascending, largest first if descending): 321178, 478635, 803494, 452949, 201262

---

9. Put these numbers in order, ascending (smallest first if ascending, largest first if descending): 571911, 713218, 149320, 133357, 467397

10. Put these numbers in order, ascending (smallest first if ascending, largest first if descending): 955067, 186833, 693306, 700148, 119288

11. Put these numbers in order, descending (smallest first if ascending, largest first if descending): 669450, 815040, 341651, 208566, 877223

12. Put these numbers in order, descending (smallest first if ascending, largest first if descending): 350841, 640832, 354650, 381547, 940849

13. Put these numbers in order, descending (smallest first if ascending, largest first if descending): 522341, 158663, 728753, 695602, 939431

14. Put these numbers in order, ascending (smallest first if ascending, largest first if descending): 956715, 935128, 138606, 111367, 168909
